

TallyPrime: Features, Installation & Licensing Notes

Open Technology Computer Education | Instructor: Kanika Thakur

1. Introduction to TallyPrime

TallyPrime, Tally Solutions ka sabse naya aur modern business management software hai. Ise mukhya roop se Small aur Medium businesses (SMEs) ke liye design kiya gaya hai. Yeh Accounting, Inventory (Stock), Manufacturing, Sales, Purchase, Banking, Taxation (GST, TDS, TCS), aur Payroll ko ek hi jagah seamlessly manage karta hai. Iska naya look aur feel users ko bina kisi kathinai ke kaam karne ki flexibility deta hai.

2. Core Features of TallyPrime (मुख्य विशेषताएँ)

TallyPrime me kai saare advanced aur user-friendly features diye gaye hain:

1. Simplicity (सरलता)

TallyPrime me ek single-step installation process hai aur iska reporting engine behad powerful hai, jise basic accounting knowledge wala vyakti bhi aasaani se operate kar sakta hai.

2. Blazing Speed & Instant Reports

Yeh software bohot tez kaam karta hai aur management ko sahi samay par decisions lene ke liye instant aur accurate reports generate karke deta hai.

3. Power of Accessing & Drill-Down

Isme users bina kisi limit ke multiple companies create aur manage kar sakte hain. Saath hi, isme drill-down feature hai jisse report level se direct transaction entry level tak pahuncha ja sakta hai.

4. Flexibility (लचीलापन)

TallyPrime me kisi bhi period (day, month, year) ki report turant dekhi ja sakti hai, aur kaam karte samay accounting aur inventory reports ke beech aasaani se toggle kiya ja sakta hai.

5. Multi-Tasking (एक साथ kai kaam)

Isme user chalte hue current work ko bina disturb kiye kisi bhi dusri screen par ja kar report dekh sakta hai ya nayi entry pass kar sakta hai.

6. Concurrent Multi-lingual Capability

TallyPrime me aap kai saari Indian aur foreign languages me data maintain kar sakte hain aur unhe apni pasand ki language me print bhi kar sakte hain.

7. Accounting Without Codes

Isme kisi bhi account code ko yaad rakhne ki jaroorat nahi hoti. Aap normal namon (regular names) ka use karke accounting kar sakte hain.

3. System Requirements & Installation Process

TallyPrime ko computer me chalane ke liye system me administrator rights hona zaroori hai. System ki requirements neeche table me di gayi hain:

Particulars	System Recommended Configuration
Operating System (OS)	Microsoft Windows 7 ya usse upar (64-bit OS hona compulsory hai)
Memory (RAM)	Minimum 4 GB RAM ya usse adhik
Hard Disk Space	Minimum 30 MB free space installation ke liye
Processor	Intel Core2Duo ya usse behtar processor
Monitor Resolution	1024 x 768 ya usse zyada screen resolution

Installation Steps:

Step 1: Download Setup File

Sabse pehle official website www.tallysolutions.com par jayein, 'Download' par click karein aur TallyPrime ka latest setup file (.exe) download karein.

Step 2: Run Setup Manager

Downloaded setup file par double-click karein. **TallyPrime Setup Manager** ki screen open hogi. Agar aapko default path (C:\Program Files\TallyPrime) me install karna hai, toh direct '**I: Install**' par click karein.

Step 3: Change Application Path (Optional)

Agar aap installation ka drive ya folder badalna chahte hain (jaise D:\TallyPrime), toh screen par '**C: Configure**' par click karein, Application Path par Enter karein aur 'Browse' karke apna manpasand folder select karein, fir Install par click karein.

Step 4: Start TallyPrime

Installation successful hone ke baad desktop par shortcut icon ban jayega. Screen par '**S: Start TallyPrime**' par click karke software open karein.

4. Types of Licenses in TallyPrime

TallyPrime mukhya roop se do types ke commercial licenses me aata hai:

1. **Silver Edition (Single User):** Yeh license keval ek single computer/PC par install aur use kiya ja sakta hai.
2. **Gold Edition (Multi-User):** Yeh license LAN (Local Area Network) environment me ek saath kai saare computers par chalaya ja sakta hai.

Rental License: Agar koi business permanent license nahi lena chahta, toh woh Month/Quarter/Annual basis par rental license bhi le sakta hai.

5. Licensing Operations (Activation & Educational Mode)

- **Activate New License:** Naya software kharidne par License screen par 'A: Activate New License' par click karke Serial Number, Activation Key aur Administrator Email ID daal kar license activate kiya jata hai.
- **Reactivate Existing License:** Agar computer format kiya ho ya Tally ko purane version (Tally.ERP 9) se upgrade kiya ho, toh 'R: Reactivate Existing License' option ka use karke Tally.NET ID aur password se license wapas chalu kiya jata hai.
- **Continue in Educational Mode:** Agar aapke paas commercial license nahi hai aur aap sirf accounting sikhna chahte hain, toh aap is option ko select kar sakte hain.

Restriction: Educational Mode me aap har mahine ki keval **1st, 2nd, aur 31st date** ko hi transactions record kar sakte hain, baaki dates isme support nahi karti hain.

Tally ERP 9 / TallyPrime: Comprehensive Accounting Notes

Open Technology Computer Education | Instructor: Kanika Thakur

1. Introduction to Accounting & Accounts

Accounting ek business ki financial transactions ko systematically record, classify aur summarize karne ki prakriya hai. Kisi transaction ke do pahluon (aspects) ko record karne ke statement ko 'Account' kaha jata hai. Har transaction me ek paksh ko 'Debit (Dr)' aur dusre paksh ko 'Credit (Cr)' kiya jata hai.

Business Transactions ki Teen Categories:

- **Individuals/Entities:** Vyaktiyon, sansthaon ya business firms se jude transactions.
- **Assets/Goods:** Cash, stock, property ya assets se jude transactions.
- **Incomes/Expenses:** Business ke kharchon, nuksan, aamdani aur labh se jude transactions.

2. Types of Accounts & Golden Rules of Accounting

Transactions ko sahi tarike se Tally me entry karne ke liye Accounts ko teen mukhya bhagon me banta gaya hai. Inhe "Golden Rules of Accounting" kehte hain:

1. Personal Account (Vyakti gata Khata)

Ye accounts vyaktiyon (individuals), sansthaon (institutions), firms aur companies se sambandhit hote hain. Ye teen prakar ke hote hain:

- **Natural Person Accounts:** Real humans ke accounts (jaise Mr. Manoj A/c, Proprietor's Capital A/c).
- **Artificial Person Accounts:** Kanooni roop se bani entities (jaise Citi Bank A/c, ICICI Bank A/c, Roshan Electricals Pvt. Ltd. A/c).
- **Representative Personal Account:** Jo kisi group ya vyakti ko represent kare.

Golden Rule for Personal Account:

Debit (Dr): The Receiver (Paane wale ko Debit karo)

Credit (Cr): The Giver (Dene wale ko Credit karo)

2. Real Account (Vastavik Khata)

Ye accounts business ki properties, assets aur cash se sambandhit hote hain. Inhe do bhagon me banta jata hai:

- **Tangible Real Accounts:** Jinhe chhua aur dekha ja sake (jaise Cash, Furniture, Plant & Machinery).
- **Intangible Real Accounts:** Jinhe dekha nahi ja sakta par unka monetary value hota hai (jaise Goodwill, Patents, Trademarks).

Golden Rule for Real Account:

Debit (Dr): What comes in (Jo vastu business me aaye use Debit karo)

Credit (Cr): What goes out (Jo vastu business se jaye use Credit karo)

3. Nominal Account (Nammatra Khata)

Ye accounts business ke sabhi expenses (kharche), losses (nuksan), incomes (aamdani) aur gains (labh) se sambandhit hote hain (jaise Rent, Salary, Telephone Expenses, Discount Allowed/Received).

Golden Rule for Nominal Account:

Debit (Dr): All Expenses and Losses (Sabhi kharche aur nuksan ko Debit karo)

Credit (Cr): All Incomes and Gains (Sabhi aamdani aur labh ko Credit karo)

3. Step-by-Step Analysis of Transactions

Transaction Example 1: Payment to Supplier

Transaction: Daksh Enterprises Pvt. Ltd. paid ₹54,000 to Roshan Electricals Pvt. Ltd. by ICICI Bank Cheque.

- **Step 1 (Identify Ledgers):** 1. Roshan Electricals Pvt. Ltd. 2. ICICI Bank
- **Step 2 (Determine Account Type):** Both are companies/banks, so both are **Personal Accounts**.
- **Step 3 (Apply Rule):** Roshan Electricals is the receiver (Debit). ICICI Bank is the giver of money (Credit).

Particulars	Debit (Dr)	Credit (Cr)	Applied Rules
Roshan Electricals Pvt. Ltd. A/c	₹54,000	----	Debit the Receiver
To, ICICI Bank A/c	----	₹54,000	Credit the Giver

Transaction Example 2: Cash Purchase of Asset

Transaction: Purchased furniture of ₹9,000 for cash.

- **Step 1 (Identify Ledgers):** 1. Furniture Account 2. Cash Account
- **Step 2 (Determine Account Type):** Both are assets, so both are **Real Accounts**.
- **Step 3 (Apply Rule):** Furniture comes into the business (Debit). Cash goes out of the business (Credit).

Particulars	Debit (Dr)	Credit (Cr)	Applied Rules
Furniture A/c	₹9,000	----	Debit what comes in
To, Cash A/c	----	₹9,000	Credit what goes out

Transaction Example 3: Goods Purchased on Cash

Transaction: Purchased goods worth ₹7,000 for cash.

- **Step 1 (Identify Ledgers):** 1. Purchase Account 2. Cash Account

- **Step 2 (Determine Account Type):** Purchase is an expense (**Nominal Account**). Cash is an asset (**Real Account**).
- **Step 3 (Apply Rule):** Purchase is an expense (Debit). Cash goes out (Credit).

Particulars	Debit (Dr)	Credit (Cr)	Applied Rules
Purchase A/c	₹7,000	----	Debit All Expenses
To, Cash A/c	----	₹7,000	Credit what goes out

4. Recording & Journalising Transactions

Journal: Journal ek daybook ya daily record hota hai jahan transactions ko chronological order (date-wise) me sabse pehle record kiya jata hai. Is prakriya ko Journalising kehte hain.

Format of Journal Table:

Date	Particulars	L.F.	Debit (Dr)	Credit (Cr)
DD/MM/YYYY	Account Name.....Dr To Account Name (Being transaction description / Narration)	Page No.	Amount	Amount

Journal Entry Ke Do Mukhya Prakar:

1. **Simple Journal Entry:** Jis entry me keval ek account Debit aur ek account Credit hota hai.
2. **Compound Journal Entry:** Jis entry me ek se adhik Debit ya ek se adhik Credit accounts shamil hote hain.

Example: Multi-expenses payment through a single cheque.

Compound Journal Entry Example:

Transaction: Paid Telephone Bill ₹20,000, Stationery Expenses ₹20,000, and Travelling Expenses ₹10,000 by Citi Bank Cheque.

Date	Particulars	L.F.	Debit (₹)	Credit (₹)
30th Apr 2020	Telephone Bill A/cDr		20,000	
	Stationery Expenses A/cDr		20,000	
	Travelling Expenses A/cDr		10,000	
	To Citi Bank Account			50,000
	(Being expenses paid by Citi Bank cheque)			

5. Practical Assignment Problems (Dhanalaxmi Enterprises)

Neeche diye gaye transactions ko samajhein aur unki Journal Book me entry pass karein (April 2020):

Journal Book Entries:

Date	Particulars	L.F.	Debit (₹)	Credit (₹)
2nd April 2020	ICICI Bank A/cDr To Owners Capital A/c (Initial Capital started with SBI cheque to ICICI)		6,000	6,000
3rd April 2020	Machinery A/cDr To ICICI Bank A/c (Purchase of Machinery from SAM Machine Tools through cheque)		1,00,000	1,00,000
4th April 2020	Furniture A/cDr To ICICI Bank A/c (Purchase of furniture from KPN Furnitures paid via cheque)		90,000	90,000
5th April 2020	Purchase A/cDr To Laxmi Traders A/c (Goods purchased from Laxmi Traders on credit)		50,000	50,000
7th April 2020	Cash A/cDr To Sales A/c (Goods sold on cash to Ganesh Enterprises)		5,000	5,000
10th April 2020	Purchase A/cDr To Cash A/c To Discount Received A/c (Purchased goods from Mr. Vivek on cash and received discount)		2,000	1,900 100
12th April 2020	Rent A/cDr To ICICI Bank A/c (Rent paid through ICICI Bank cheque)		24,000	24,000
30th April 2020	Depreciation A/cDr To Machinery A/c (Depreciation charged on machinery asset)		850	850

Note: Ledger posting and manual balancing is automated in software like TallyPrime, which will be demonstrated in the practical session.

ACCOUNTING & TALLY PRIME NOTES

Complete Professional Coaching Study Material (All Chapters Included)

Chapter 1: Introduction to Business & Accounting

Jab koi person ya group of persons profit earn karne ke objective se goods aur services ka production, purchase, aur sale karta hai, toh us regular economic aur professional activity ko **Business (व्यापार)** kehte hain.

Business Sectors aur unke Classifications:

- **Producing Raw Materials:** Isme natural resources ko extract karna aur kacha maal generate karna shamil hai (Jaise: Mining, Agriculture).
- **Trading (व्यापारिक क्षेत्र):** Kisi bhi product ko bina uska roop badle (without altering shape/form) buy aur sell karna.
- **Manufacturing (निर्माण क्षेत्र):** Raw materials ko processing aur machinery ke dwara finished goods (taiyar maal) mein badalna.
- **Service Sector (सेवा क्षेत्र):** Yeh ek intangible activity hai jisme koi physical product nahi balki experts ki services di jaati hain (Jaise: CA, Tax Consultants, Doctors, Software Engineers, Transportation, Banking).

Accounting ki Zaroorat Kyun Hoti Hai?

Kisi bhi business owner ko yeh jaanna zaroori hota hai ki:

- Business mein total kitni value ke Assets (संपत्ति) hain?
- Business profit mein chal raha hai ya loss mein?
- Bahar ke logon se kitna paisa lena baaki hai (Debtors)?
- Outsiders ko kitna paisa dena baaki hai (Creditors)?

Inhi financial activities ka proper track rakhne ke liye accounting ki zaroorat hoti hai. Isiliye Accounting ko "**Language of Finance**" kaha jata hai.

Business ke Main Stakeholders:

Business se jude hue log jinki financial reports mein dilchaspi hoti hai:

- **Owners/Investors:** Jo business mein capital lagate hain aur financial health janna chahte hain.
- **Employees:** Jo salary/wages ke liye kaam karte hain.
- **Suppliers/Creditors:** Jo business ko udhaar (credit) par maal dete hain.

- **Customers:** Jo product ya services consume karte hain.
- **Government:** Jo business par Taxes (GST, Income Tax) levy karti hai.

Chapter 2: Accounting Cycle & Tally Prime Integration

Accounting ek systematic process hai jisme financial data ko identify, record, classify, aur summarize kiya jata hai.

1. Understanding the Transactions (लेन-देन को समझना)

2. Journal Entry / Voucher Entry (रोजनामचा प्रविष्टि)

3. Ledger Posting (खाता बही में खतौनी)

4. Trial Balance (तलपट)

5. Profit & Loss Account (लाभ-हानि खाता)

6. Balance Sheet (तुलन पत्र / चिट्ठा)

Tally Prime Integration Tip: Manual accounting mein yeh saare 6 steps haath se karne padte hain jisme bohot time lagta hai. Lekin **Tally Prime** software mein आपको सिर्फ पहले 2 steps karne hote hain: Transaction samajhna aur Voucher Entry karna. Baki ke 4 steps (Ledger, Trial Balance, P&L, aur Balance Sheet) Tally ****automatically back-end par generate**** kar deta hai.

Chapter 3: Accounting Concepts (अवधारणाएं)

1. **Business Entity Concept:** Business aur uska malik (owner) dono alag-alag legal entities hain. Owner ke personal kharche business ke accounts mein nahi aate.

2. **Going Concern Concept:** Yeh manakar chala jata hai ki business future mein hamesha chalta rahega aur jald hi band nahi hoga.
3. **Money Measurement Concept:** Sirf unhi transactions ko likha jata hai jinhe paise (money value) mein express kiya ja sake.
4. **Cost Concept:** Assets ko unki actual purchase/acquisition cost par hi books mein record kiya jata hai, market value badalne par use bar-bar change nahi karte.
5. **Dual Aspect Concept:** Har ek transaction ke do impacts hote hain—ek Debit aur ek Credit. Isiliye $\text{Assets} = \text{Liabilities} + \text{Capital}$ banta hai.
6. **Accounting Period Concept:** Business ki life ko small time frames (jaise 1 financial year: 1st April se 31st March) mein divide kiya jata hai taaki profit/loss evaluate ho sake.
7. **Revenue Realisation Concept:** Income ko tabhi record kiya jata hai jab wo legally earn ho jaye, chahe cash mila ho ya na mila ho.
8. **Accrual Concept:** Expenses aur Incomes ko unke occurrence (hone ke samay) par record kiya jata hai, na ki jab cash pay ya receive ho.
9. **Matching Concept:** Ek particular year ke profit ko janne ke liye usi saal ki incomes ko usi saal ke expenses ke saath match karna zaroori hai.
10. **Verifiable & Objective Evidence Concept:** Har entry ke piche ek reliable source document (Invoice, Cash Memo, Receipt) hona chahiye.

Chapter 4: Detailed Classification of Accounts & Key Terminologies

Tally Prime mein ledgers create karne ke liye accounts ke in main elements ko detail mein samajhna zaroori hai:

1. Assets (संपत्तियां)

Koi bhi physical object ya right jiska economic value ho aur jo business ke ownership mein ho, use Asset kehte hain. Assets ke main types:

- **Fixed Assets:** Jo business mein long-term use ke liye kharide jaate hain, bechne ke liye nahi (Jaise: Land, Building, Plant & Machinery, Vehicles, Furniture).
- **Current Assets:** Jo short-term (within 1 year) mein cash mein convert ho jaate hain (Jaise: Cash in Hand, Bank Balance, Sundry Debtors, Closing Stock, Bills Receivable).
- **Tangible Assets:** Jinhe hum dekh aur chhoo sakte hain (Jaise: Computer, Building).
- **Intangible Assets:** Jinhe dekha ya chhua nahi ja sakta par unki economic value hoti hai (Jaise: Goodwill, Patents, Trademarks, Copyrights).

2. Liabilities (दायित्व)

Jo amount business ko outsiders ko pay karna baaki hai, wo Liability hai:

- **Long-Term / Non-Current Liabilities:** Jo lambe samay (1 saal se zyada) ke baad pay karni hoti hain (Jaise: Bank Secured Loans, Debentures).
- **Short-Term / Current Liabilities:** Jo 1 saal ke andar pay karni hoti hain (Jaise: Sundry Creditors, Bank Overdraft, Bills Payable, Outstanding Expenses).

3. Capital & Drawings

- **Capital (पूंजी):** Owner dwara business shuru karne ya chalane ke liye lagaya gaya cash, goods ya assets.
- **Drawings (आहरण):** Owner dwara apne personal ya domestic use ke liye business se nikala gaya cash ya goods. Isse capital kam ho jaati hai.

4. Expenses (खर्चे) aur Losses

Business ko operate karne mein jo lagat aati hai, use Expense kehte hain:

- **Direct Expenses:** Jo maal ke utpadan (production) ya purchase se directly jude hote hain (Jaise: Wages, Factory Rent, Carriage Inward/Freight, Power & Fuel).
- **Indirect Expenses:** Jo office administration aur sales se jude hote hain (Jaise: Office Salaries, Office Rent, Printing & Stationery, Advertisement, Depreciation, Bad Debts, Discount Allowed).

5. Revenue / Income

- **Direct Income:** Core business activity se hone wali kamai (Jaise: Sales Revenue, Service Charges received).
- **Indirect Income:** Core activity ke alawa baki sources se hone wali income (Jaise: Interest Received, Rent Received, Commission Received, Discount Received).

Chapter 5: Accounting Equation & Voucher/Journal Analysis

Dual Aspect Concept ke anusar, har transaction ka effect is equation ko balance rakhta hai:

Assets = Liabilities + Capital

Rules of Debit (Dr.) & Credit (Cr.) - Modern Approach

Account Type	Jab Badhega / Increase (+)	Jab Ghathega / Decrease (-)	Normal Balance
Assets	Debit (Dr.)	Credit (Cr.)	Debit
Expenses / Losses	Debit (Dr.)	Credit (Cr.)	Debit
Liabilities	Credit (Cr.)	Debit (Dr.)	Credit
Capital	Credit (Cr.)	Debit (Dr.)	Credit
Revenue / Income	Credit (Cr.)	Debit (Dr.)	Credit

Chapter 6: Practical Transaction Analysis & Journal Entries

Niche diye gaye practical examples se students ko Tally voucher entry pass karne se pehle transaction ko analyze karna sikhayein:

Example 1: Business Started with Cash

Transaction: Owner invested ₹5,00,000 cash to start the business.

Analysis: Business mein Cash (Asset) badh raha hai → **Debit**. Malik ki Capital (Capital) badh rahi hai → **Credit**.

Journal Entry:

Cash A/c Dr. ₹5,00,000
To Capital A/c Cr. ₹5,00,000

Example 2: Purchased Furniture on Cash

Transaction: Purchased office furniture for ₹25,000 in cash.

Analysis: Furniture (Asset) badh raha hai → **Debit**. Cash (Asset) ghatt raha hai → **Credit**.

Journal Entry:

Furniture A/c Dr. ₹25,000
To Cash A/c Cr. ₹25,000

Example 3: Goods Purchased on Credit (Udhaar)

Transaction: Bought goods from Rohan Traders worth ₹40,000 on credit.

Analysis: Purchase (Expense) badh raha hai → **Debit**. Rohan Traders (Liability/Creditor) badh raha hai → **Credit**.

Journal Entry:

Purchase A/c Dr. ₹40,000
To Rohan Traders A/c Cr. ₹40,000

Example 4: Paid Office Rent

Transaction: Rent paid via bank cheque ₹12,000.

Analysis: Rent (Expense) badh raha hai → **Debit**. Bank Balance (Asset) kam ho raha hai → **Credit**.

Journal Entry:

Rent Expense A/c Dr. ₹12,000
To Bank A/c Cr. ₹12,000

Example 5: Cash Sales

Transaction: Sold goods for cash ₹30,000.

Analysis: Cash (Asset) badh raha hai → **Debit**. Sales (Revenue) badh rahi hai → **Credit**.

Journal Entry:

Cash A/c Dr. ₹30,000
To Sales A/c Cr. ₹30,000

Classroom Revision Checklist for Students:

1. Tally Prime mein Ledger banate samay correct group select karne ke liye check karein ki wo item Asset, Liability, Capital, Expense, ya Income mein se kya hai.
2. Wages hamesha **Direct Expense** mein jayega kyunki wo factory/production se related hai, jabki Salary hamesha **Indirect Expense** mein jayegi kyunki wo office admin se related hai.
3. Udhaar maal bechte waqt customer ka ledger hamesha **Sundry Debtors** group mein banega, aur udhaar kharidte waqt seller ka ledger hamesha **Sundry Creditors** group mein banega.

GOLDEN RULES & PRACTICAL WORKBOOK

Complete Reference Guide & Practical Exercise Solutions (V3 Standard PDF)

Chapter 1: Classification of Accounts

Traditional system ke mutabik business transactions ko smoothly process karne ke liye teen types ke accounts use hote hain:

- **Real Account (वास्तविक खाता):** Cash, Stock, Machinery, Building aur baki sabhi assets se related.
Niyam: Debit what comes in | Credit what goes out.
- **Personal Account (व्यक्तिगत खाता):** Kisi vyakti, firm, company ya bank ke naam se related.
Niyam: Debit the receiver | Credit the giver.
- **Nominal Account (नाममात्र खाता):** Business ke saare expenses, losses, incomes aur gains se related.
Niyam: Debit all expenses and losses | Credit all incomes and gains.

Chapter 2: Core Matrix Quick Review Table

Account Type	Under Group Basis	Debit Rule (Dr.)	Credit Rule (Cr.)
Real Account	Fixed & Current Assets	What comes in (Aane wali asset)	What goes out (Jaane wali asset)
Personal Account	Debtors, Creditors, Capital	The Receiver (Paane wala)	The Giver (Dene wala)
Nominal Account	Expenses & Incomes	Expenses & Losses (Kharche)	Incomes & Gains (Kamai)

Chapter 3: Full Solutions with Tally Prime Shortcut Mapping

Niche aapke practice batch ke sabhi transactions ka automated shortcut layout solution diya gaya hai:

Problem 1: Started business with cash investment of ₹10,00,000.

Tally Key: F6 (Receipt Voucher)

Dr. Cash Account ₹10,00,000
 To Capital Account ₹10,00,000

Problem 2: Deposited cash ₹4,00,000 into SBI Bank account.

Tally Key: F4 (Contra Voucher)

Dr.	SBI Bank Account	₹4,00,000
	To Cash Account	₹4,00,000

Problem 3: Purchased machinery on credit from Alpha Machine Tools for ₹1,50,000.

Tally Key: F7 (Journal Voucher)

Dr.	Machinery Account	₹1,50,000
	To Alpha Machine Tools A/c	₹1,50,000

Problem 4: Purchased commercial goods for cash from Shyam Stores worth ₹35,000.

Tally Key: F9 (Purchase Voucher)

Dr.	Purchase Account	₹35,000
	To Cash Account	₹35,000

Problem 5 (Compound Entry): Paid Office Rent ₹15,000 and Salaries ₹25,000 via SBI bank cheque.

Tally Key: F5 (Payment Voucher)

Dr.	Rent Expense Account	₹15,000
Dr.	Salary Expense Account	₹25,000
	To SBI Bank Account	₹40,000

Problem 6: Sold goods to Ramesh Kumar on credit for ₹50,000.

Tally Key: F8 (Sales Voucher)

Dr.	Ramesh Kumar A/c (Sundry Debtor)	₹50,000
	To Sales Account	₹50,000

Problem 7 (Discount Allowed): Received cash from Ramesh Kumar ₹48,500 and allowed him a discount of ₹1,500 in full settlement.

Tally Key: F6 (Receipt Voucher)

Dr.	Cash Account	₹48,500
Dr.	Discount Allowed Account	₹1,500
	To Ramesh Kumar A/c	₹50,000

Problem 8 (Drawings): Withdrew cash from SBI Bank for personal use ₹10,000.

Tally Key: F5 (Payment Voucher)

Dr.	Drawings Account	₹10,000
	To SBI Bank Account	₹10,000

Problem 9 (Discount Received): Paid to Alpha Machine Tools cash ₹1,48,000 in full settlement of ₹1,50,000.

Tally Key: F5 (Payment Voucher)

Dr.	Alpha Machine Tools A/c	₹1,50,000
	To Cash Account	₹1,48,000
	To Discount Received Account	₹2,000

Problem 10 (Abnormal Loss): Goods worth ₹5,000 destroyed by fire in the warehouse.

Tally Key: F7 (Journal Voucher)

Dr.	Loss by Fire Account	₹5,000
	To Purchase Account	₹5,000

TallyPrime: Master Creation (Groups & Ledgers) Detailed Notes

Open Technology Computer Education | Instructor: Kanika Thakur

1. Introduction to Masters in TallyPrime

TallyPrime me koi bhi data ya accounting entry pass karne se pehle hume **Masters** create karne hote hain. Masters woh data containers hote hain jinhe ek baar create kiya jata hai aur baar-baar transactions me use kiya jata hai. Gateway of Tally screen se **Create** par enter karne par *List of Masters* open hoti hai.

1.1 List of Masters Categories

List of Masters me data ko mukhya teen categories me divide kiya jata hai:

- **Accounting Masters:** Group, Ledger, Currency, Voucher Type.
- **Inventory Masters:** Stock Group, Stock Category, Stock Item, Unit, Godown.
- **Statutory Details:** GST Details, PAN/CIN Details.

Advanced Feature Options:

- **Show More:** Is par click karne se kuch chhupaye hue options (jaise Budget, Scenario, Credit Limits) bhi list me add ho jaate hain.
- **Show Inactive:** Is par enter karne se woh saare advance ya inactive masters (jaise Cost Centre, Employee Group, Price Levels, Attendance Type) bhi list me show hone lagte hain jinhe use karne se pehle enable karna padta hai.

2. Group Creation (समूह निर्माण)

Tally me default roop se **28 Pre-defined Groups** hote hain (jisme 15 Primary Groups aur 13 Sub-Groups hote hain). Groups ka mukhya uddeshya ledgers ki hierarchy set karna aur unhe proper head me classify karna hai taaki final reports automatic aur accurate ban sakein.

Business Scenario (Example):

Suhant Software Pvt. Ltd. ke pure India me customers hain. Company apne customers (Sundry Debtors) ko zones ke hisab se classify karna chahti hai: North, South, East, aur West.

Sub-Group to be Created	Under (Primary Group)
Debtors-North Zone	Sundry Debtors
Debtors-South Zone	Sundry Debtors

Path to Create Group: Gateway of Tally > Create > Accounting Masters > Group

Alternative Method: Aap kisi bhi voucher/screen se direct **Alt + G (Go To) > Create Master > Group** par ja kar bhi naya group create kar sakte hain.

3. Ledger Creation (खाता बही निर्माण)

Ledger ek actual account hota hai jahan business transactions ko real me post kiya jata hai. TallyPrime me default roop se keval **2 Ledgers pehle se bane hote hain**: 1. Cash Account aur 2. Profit & Loss Account. Baaki sabhi ledgers (jaise Bank, Capital, Purchase, Sales, Suppliers/Customers) hume khud create karne hote hain.

Business Scenario (Example):

Ledger Name	Group (Under)	Mailing & Contact Details
Owner's Capital Account	Capital Account	9C, Poorvika Apartments, HSR Layout, Bengaluru (Mob: 9880122198)
Sky Solutions	Sundry Debtors (or Debtors-North Zone)	Block M, Greater Kailash Part 1, Delhi (Mob: 9620192092)

Path to Create Ledger: Gateway of Tally > Create > Accounting Masters > Ledger

3.1 Chart of Accounts (Alt + G)

Naye bane hue ledgers aur groups ko ek sath ek hi jagah list view me dekhne ke liye Chart of Accounts ka use kiya jata hai.

Path: Gateway of Tally > Chart of Accounts > Ledgers. Is list me jo ledgers *italics* me hote hain, woh users dwara banaye gaye naye ledgers ko represent karte hain.

4. Master Creation Screen Configuration (F12)

Ledger create karte samay screen par extra fields (jaise Bank details, Contact details, Trade discount settings, Credit limit) ko enable karne ke liye keyboard se **F12: Configure** press kiya jata hai. Isme nimnlikhit features ko yes/no kiya ja sakta hai:

- Provide Contact Details (Phone, Fax, Email, Web etc.)
- Provide Bank Details for Ledger (Vouchers me direct banking auto-fill ke liye)
- Provide Passport/PAN/IT Details.

Student Lab Practice Guide:

Students ko lab session me **Show More** aur **Show Inactive** ka upyog karke advance masters ko explore karne ko kahein. Unhe sikhayein ki jab tak hum kisi Ledger ko sahi Group (Under) me nahi dalenge, tab tak hamara Balance Sheet ya P&L sahi result nahi dikhayega.

TallyPrime: F12 Configuration, Altering & Shutting a Company

Open Technology Computer Education | Instructor: Kanika Thakur

1. F12 Configuration in TallyPrime

Tally ke purane versions ke mukable TallyPrime me features aur configurations ko dhyan se reorganize kiya gaya hai taaki user experience behad simple ho sake. Company ke main core features ko ab Top Menu me shift kar diya gaya hai, jabki **F12 Configuration** ka use invoicing aur reporting preferences ko aapki jaroorat ke anusar customize karne ke liye hota hai.

F12 Configuration ki Main Characteristics:

- **Proper Placement & Grouping:** Sabhi configuration options ko sahi dhang se group kiya gaya hai taaki unhe aasaani se dhoondha (ease of find-ability) ja sake.
- **Sequencing based on use:** Jo options sabse zyada use hote hain, unhe pehle sequence kiya gaya hai.
- **Layered Presentation:** Screen ko simple rakhne ke liye options ko layers me dikhaya gaya hai. Aap 'Basis of Values' ka use karke key settings ko jaldi se change kar sakte hain.
- **Top Menu Integration:** Ab **F12 Configuration** ko alag-alag top menus jaise **M: Email**, **P: Print**, **E: Export**, aur **F1: Help** ke saath jod diya gaya hai, jisse unki specific settings wahi se manage ho sakein.

2. Alter Company Details (कंपनी की जानकारी बदलना)

Agar aapko apni bani hui company ki details badalna ho (jaise Company Name, Address, Phone Number, Financial Year, Security settings etc.), toh TallyPrime me iske do simple tarike hain:

Method 1: Top Menu (Alt + K) ke dwara

1. Gateway of Tally se top menu me diye gaye **K: Company** option par click karein (ya keyboard se **Alt + K** press karein).
2. Drop-down menu me se **Alter** option ko select karein.
3. **Company Alteration** screen open ho jayegi. Jo bhi badlav karne hain (jaise address ya email), unhe change karke screen ko **Ctrl + A** se accept karlein.

Path: Gateway of Tally > Click on K: Company > Select Alter

Method 2: Right Button Bar (F3) ke dwara

1. Gateway of Tally se right side vertical menu me **F3: Company** button par click karein.

2. Wahan aapko **Alter Company** ka option dikhega, use select karein.
3. Company Alteration screen khulne par apni details update karlein.

Path: Gateway of Tally > Press F3: Company > Select Alter Company

Important Note: Agar Tally me ek se adhik (multiple) companies loaded hain, toh sabse pehle us list me se us exact company ko select karna zaroori hai jiski details aap badalna chahte hain.

3. Shut the Company (कंपनी बंद करना)

Shut Company ka matlab company ko permanently delete karna nahi hota, balki loaded companies ki list me se temporary roop se hata dena (screen par se close kar dena) hota hai, taaki kaam karte samay confusion na ho. TallyPrime me company ko shut karne ke do methods hain:

Method 1: Top Menu (Alt + K) ke dwara

1. Gateway of Tally se **K: Company** menu par click karein (Shortcut: **Alt + K**).
2. Menu me se **Shut** option ko select karein (Aap direct shortcut key **Ctrl + F3** ka use bhi kar sakte hain).
3. **Shut Company screen** khulegi jahan loaded companies ki list dikhayi degi.
4. Us company ko select karein jise aap close karna chahte hain aur Enter press karein. Company screen se hat jayegi.

Path: Gateway of Tally > Click on K: Company > Select Shut (or Press Ctrl + F3)

Method 2: Right Button Bar (F3) ke dwara

1. Gateway of Tally screen se right vertical bar me **F3: Company** par click karein.
2. Wahan menu me se **Shut Company** option par click karein.
3. List of Companies me se apni target company select karein aur close kar dein.

Path: Gateway of Tally > Click on F3: Company > Select Shut Company

What happens next? Jab aap chal rahi company ko shut kar dete hain, toh software automatic **Select Company** screen par aa jata hai, jahan se aap dobara kisi bhi company ko open ya select kar sakte hain.

TallyPrime: Advanced Navigation, Go To, Switch To & Keyboard Shortcuts

Open Technology Computer Education | Instructor: Kanika Thakur

1. Navigation from Anywhere to Anywhere in TallyPrime

TallyPrime ka sabse bada benefit yeh hai ki isme user bina kisi lamba path yaad rakhe poorie application me kahi se bhi kisi bhi report ya voucher interface par switch kar sakta hai. Is flexible navigation ke liye TallyPrime me do mukhya elements hote hain: **Top Menu** aur **Right Button Bar**.

1.1 Top Menu Options & Actions

Top Menu screen par sabse upar horizontal bar me hota hai. Iske main components aur unke work neeche diye gaye hain:

- **K: Company (Alt + K):** Is option par click karke nayi company create karna, alter karna, select karna ya kisi active company ko shut (close) karne ka kaam kiya jata hai.
- **Y: Data (Alt + Y):** Iska upyog data ka backup lene, backup data ko restore karne, data split karne aur company data path config karne ke liye hota hai.
- **Z: Exchange (Alt + Z):** Yeh data synchronization aur remote connectivity features ke liye use kiya jata hai.
- **O: Import (Alt + O):** Kisi doosri file se masters, transactions, ya bank details ko Tally me import karne ke liye.
- **E: Export (Alt + E):** Current reports, transactions ya masters ko Excel, PDF, JPEG formats me bahar export karne ke liye.
- **M: E-mail (Alt + M):** Direct Tally se hi bills ya financial statements ko clients ko email karne ke liye.
- **P: Print (Alt + P):** Vouchers, Invoices aur Reports ko physically print karne ke liye configure aur execute karna.
- **F1: Help (F1):** Tally Help guide open karne, software license manage karne, settings badalne (Language, Country, Startup) aur TDL/Add-ons manage karne ke liye.

2. Right Button Bar (F2, Alt+F2 & F3)

Gateway of Tally ke right side me ek vertical menu bar hota hai, jisme mukhya buttons hote hain:

- **F2: Date:** Current voucher entry ya reporting ki date badalne ke liye.
- **Alt + F2: Period:** Financial year ya reporting ka period (Jaise 1-Apr-2020 se 31-Mar-2021) badalne ke liye.
- **F3: Company:** Agar Tally me ek se zyada companies loaded hain, toh unke beech toggle/switch karne ke liye.

- **Alt + F3: Select Company:** Ek nayi company ko loaded list me select karke lane ke liye.
- **Ctrl + F3: Shut Company:** Kisi chal rahi company ko band karne ke liye.

3. The Revolutionary "Go To" & "Switch To" Features

Yeh TallyPrime ka sabse advance aur unique navigation tool hai jo manual steps ko khatam kar deta hai.

3.1 Go To Functionality (Alt + G)

Aap Tally me kisi bhi screen par hon (Voucher entry kar rahe hon ya Ledger dekh rahe hon), jaise hi aap **Alt + G** press karenge, ek search box/drop-down list open hogi. Aap bina chal raha kaam band kiye koi bhi report (Balance Sheet, Profit & Loss, Stock Summary, Debtors Ledger) search karke dekh sakte hain. **Escape (Esc)** key press karte hi aap wapas usi pehle wale kaam par aa jayenge jahan aap entry kar rahe the.

3.2 Switch To Functionality (Ctrl + G)

Jab aap **Ctrl + G** press karte hain, toh **Switch To** option open hota hai. Yeh 'Go To' ki tarah hi kaam karta hai par iska difference yeh hai ki yeh aapke current task ko band (terminate) kar deta hai aur naye screen par le jata hai. Jab आपको purana kaam chhodkar permanent naye kaam par jana ho, tab iska use kiya jata hai.

4. Crucial Keyboard Shortcuts Table in TallyPrime

Shortcut Key	From Menu	Detailed Description / Use Case
Alt + G	Universal	Go To: Kisi bhi screen se kisi doosri report me browse karne ke liye bina purana kaam band kiye.
Ctrl + G	Universal	Switch To: Current screen ya task ko close karke naye task par permanent move karne ke liye.
Alt + K	Top Menu	Company Menu: Company Creation, Alteration aur Configuration options kholne ke liye.
F3	Top Menu/Right Bar	Loaded companies ki list me se kisi doosri company me switch karne ke liye.
Alt + F3	Top Menu	Data path ya drives se kisi nayi company ko select karke load karne ke liye.
Ctrl + F3	Right Button	Shut Company: Currently open company ko screen se close karne ke liye.
Ctrl + F1	Top Menu	Context-sensitive Tally Help open karne ke liye.
F11	Universal	Company Features: Accounting, Inventory, aur GST/Taxation features enable/disable karne ke liye.
F12	Universal	Configuration: Kisi specific screen ya voucher entry interface ki master settings badalne ke liye.
Alt + P	Top Menu	Current transaction, invoice, ya ledger book ko print karne ke liye.
Alt + E	Top Menu	Data ya reports ko Excel, PDF, XML formats me save/export karne ke liye.
Ctrl + N	Universal	Tally ke andar hi Calculator panel ko open ya close karne ke liye.
Ctrl + C	Universal	Tally input field se text ya amount copy karne ke liye.
Ctrl + V	Universal	Tally ke kisi doosre field me text ya duplicated data paste karne ke liye.
F2 / Alt + F2	Right Bar	Voucher ki entry date / Financial period change karne ke liye.

Instructor's Special Lab Note:

Students ko practical class me dhyan dilayein ki **Go To (Alt + G)** aur **Switch To (Ctrl + G)** ka live practical demo karke dikhayein. Jab koi accountant entry beech me chhod kar balance sheet dekhna chahta hai, tab 'Go To' kaise uski voucher entry ko safe rakhta hai, yeh unhe zaroor sikhayein.

Tally Financial Statements & Advanced Accounting Notes

Open Technology Computer Education | Instructor: Kanika Thakur

1. Trial Balance (तलपट)

Trial Balance ek aisi statement hai jo ledger accounts ke sabhi Debit aur Credit balances ka total ya summary show karti hai. Iska mukhya uddeshya accounting entries ki arithmetical accuracy (ganitiya shuddhata) ko check karna hota hai. Agar Debit aur Credit side ka total barabar hai, toh iska matlab accounts mathematical roop se sahi hain.

Illustration: Preparation of Trial Balance (MC Enterprises)

Neeche diye gaye ledger balances se 31.03.2021 ke liye Trial Balance banaya gaya hai:

Particulars	Debit (₹)	Credit (₹)
Debtors	15,000	-
Creditors	-	10,000
Capital	-	20,000
Drawings	2,600	-
Cash balance	500	-
Bank balance	700	-
Purchases	6,000	-
Purchases return	-	700
Sales	-	35,000
Sales return	600	-
Buildings	30,000	-
Rent paid	4,000	-
Furniture	6,600	-
Interest received	-	300
Total	66,000	66,000

2. Financial Statements (वित्तीय विवरण)

Financial year ke ant me business ki profitability aur financial position janne ke liye jo statements banayi jaati hain, unhe Financial Statements kehte hain. Isme mukhya roop se do cheezein aati hain:

1. Trading and Profit & Loss Account (Business ka labh ya hani janne ke liye)
2. Balance Sheet (Business ki financial position aur assets/liabilities janne ke liye)

2.1 Trading Account (व्यापारिक खाता)

Trading account keval goods ki kharid aur bikri (buying and selling) ke direct result ko show karta hai. Isse hume **Gross Profit** ya **Gross Loss** ka pata chalta hai.

Important Components:

- **Debit Side Items:** Opening Stock, Net Purchases (Purchases - Purchase Returns), Direct Expenses (jaise Wages, Carriage Inwards, Freight, Factory Power & Fuel).
- **Credit Side Items:** Net Sales (Sales - Sales Returns), Closing Stock.

Practical Problem: Trading Account (31-3-2021)

Particulars (Expenses)	Amount (₹)	Particulars (Incomes)	Amount (₹)
To Opening stock	15,000	By Sales (1,500,000 - 7,000)	1,43,000
To Purchases (65,000 - 3,000)	62,000	By Closing stock	13,200
To Carriage Inwards	1,000		
To Freight inwards	1,500		
To Factory lighting	2,000		
To Wages	9,000		
To Fuel and oil	1,000		
To Marine insurance	4,500		
To Water charges	2,000		
To Electricity	2,500		
To Factory Rent	9,000		
To Packaging Materials	2,000		
To Factory Insurance	3,000		
To Gross Profit (Transferred to P&L)	41,700		
Total	1,56,200	Total	1,56,200

2.2 Profit & Loss Account (लाभ-हानि खाता)

Net Profit ya Net Loss nikalne ke liye P&L Account banaya jata hai. Isme business ke saare indirect expenses aur indirect incomes ko record kiya jata hai.

$$\text{Net Profit} = (\text{Gross Profit} + \text{Other Income}) - (\text{Selling, Administrative \& Financial Expenses} + \text{Depreciation})$$

Practical Problem: Profit and Loss Account (31-03-2021)

Particulars (Indirect Expenses)	Amount (₹)	Particulars (Indirect Incomes)	Amount (₹)
To Salaries	50,000	By Gross Profit b/d	3,000,000
To Rent paid	15,000	By Commission received	2,000
To Office Lighting	3,000		
To Advertisement	5,600		
To Discount allowed	3,000		
To Insurance premium	2,300		
To Travelling Expenses	2,100		
To Net Profit (Transferred to Capital)	2,21,000		
Total	3,02,000	Total	3,02,000

2.3 Balance Sheet (तुलन पत्र)

Balance Sheet ek specific date par business ki assets (sampatti) aur liabilities (daayitwa) ka statement hota hai. Ye financial position ko darshata hai.

- **Fixed Assets:** Long-term use ke liye (Goodwill, Land & Building, Plant & Machinery, Furniture).
- **Current Assets:** Jo jaldi cash me convert ho sakein (Cash in Hand, Cash at Bank, Closing Stock, Debtors).
- **Capital & Liabilities:** Owner ki capital, long-term loans, aur short-term liabilities (Creditors, Bank Overdraft).

3. Subsidiary Books & Depreciation

3.1 Subsidiary Books (सहायक बही)

Bade businesses me har ek transaction ko Journal me record karna mushkil hota hai, isliye Journal ko sub-divide kiya jata hai:

- **Cash Book:** Sabhi cash aur bank transactions ke liye (Single/Double/Triple Column).
- **Purchase Book:** Udhaar kharide gaye goods (Credit Purchases) ke liye.
- **Sales Book:** Udhaar beche gaye goods (Credit Sales) ke liye.
- **Purchase/Sales Return Books:** Return kiye gaye goods ke liye.
- **Journal Proper:** Jo kisi anya book me nahi aata (jaise Depreciation, Adjustment entries).

3.2 Depreciation (मूल्यहास)

Fixed assets ko lagatar use karne, samay beetne ya purane hone (obsolescence) ke karan unki value me jo kami aati hai, use Depreciation kehte hain. Iske mukhya methods hain:

1. **Straight-Line Method (SLM):** Har saal asset ki original cost par barabar depreciation lagta hai.
2. **Written Down Value Method (WDV) / Diminishing Balance Method:** Har saal asset ki bachi hui book value par depreciation calculate hota hai.

4. Computerised Accounting & Tally

Computerised accounting software (jaise TallyPrime) ka upyog karne se manual ledger posting, balancing, aur trial balance banane ki aavashyakta nahi hoti. Hume sirf voucher entry karni hoti hai, baaki saari reports (P&L, Balance Sheet, Trial Balance) software automatic aur **100% Accuracy** ke saath real-time me generate kar deta hai.
